## MELYN ON HER EXPERIENCE AS A COMMUNITY SUPPORT WORKER STUDENT:

*It took me years before pursuing this dream. I waited for things and certain situations to fall into place, but I have learned that we don't have to wait for things to get better because there are always uncertainties in life, we just have to trust in God's timing and plan. If you have the heart to become a support worker, I encourage you to consider it. This profession is noble and being able to support people with a developmental disability brings us a lot of joy and fulfillment.*

*My journey was great and amazing. I value the camaraderie, teamwork, and friendship I have found and shared among my classmates, my teacher, and school staff.*

Next CSW intake is on May 17th. Contact one of our Advisors at 604-629-0196 to learn more!
